## STEM@Home Webinars

Contact Emily.Nicholson@oregonstate.edu

Zoom Webinar (one-way instruction with Q&A option)  
Up to 1 hour in duration  
Open to public  
Typically held on Tuesdays between 2PM and 4PM  
No guaranteed "live" audience, but recorded for on-demand viewing by families  
Can have "Set up" session and "Results" session

## Virtual Campus Field Trips (VCFTs)

Contact Emily.Nicholson@oregonstate.edu

Zoom Meeting (video and chat interaction available between presenters, teachers, and students)  
Up to 1 hour  
Scheduled throughout the week, when schools meet  
Dedicated class of students

## Beaver Hangouts

Contact Dominique.Brooks@oregonstate.edu

OSU Student coaches use a virtual platform (e.g. Zoom, Skype) to engage weekly with middle and high school classrooms (less frequently, if desired). Coaches work to build positive relationships while delivering a curriculum focused on skills and activities linked to post-secondary success (e.g. time management, financial literacy, college life). We also have opportunities for classes to engage with students asynchronously by submitting questions to college students to be answered later via our video series, "Ask a College Student."

## Broader Impacts Cafes

Contact susan.rowe@oregonstate.edu

In Fall 2020, Precollege Programs will start hosting a monthly research highlight and conversation for K-12 Broader Impacts. This will be in the format of a **monthly virtual cafe** with 2-3 faculty as panelist to discuss research and collaborations for K-12 broader impacts. **SIGN UP** by contacting susan.rowe@oregonstate.edu.

### Content

- STEM Activity that allows learners to follow along
- Connection to Careers
- OPTIONAL: Engaging Demonstration or Tour

### Content

- Engaging activity, demonstration, tour
- Brief connection to careers (Can be provided by PCP staff)
